

APPENDIX II-a. NARSTO Review Interview Questions

INTERVIEWEE: Name, Position, Country

1. Do you have any prepared remarks you want to present?
2. What is the value of NARSTO to you?
3. Do you think NARSTO has contributed to the ability of the three countries to address air quality problems?
4. What are NARSTO's unique capabilities?
5. Do you have any suggestions about funding mechanisms in the future?
6. Understanding that air quality management includes aspects of climate change, what do you see as the air quality research/management needs in the next five years?
7. Do you see NARSTO as being able to assist in any of those needs?
8. Are there improvements or changes that you'd make to NARSTO?
